FOR: ALL POEA OFFICIALS AND EMPLOYEES

SUBJECT: Tentative List of Foreign Scholarships

DATE: 01 April 1998

As experienced in the past, we have encountered difficulty in beating the deadlines for submission of nominees due to limited time given to us to prepare. As such, we are disseminating the attached compendium of foreign scholarships which are usually being offered by the National Economic Development Authority (NEDA) for the information of everyone.

To enable this office to have a ready pool of qualified nominees, employees who are interested to be considered in any of the foreign scholarships stated in the list are requested to formally notify the Personnel Development Technical Committee c/o the HRD Division stating therein the complete title and tentative date of scholarship, with comprehensive resume, etc. later than April 26, 1998. All letters of intent should be properly endorsed by respective Directors. Directors and/or Branch Managers, on the other hand, may also nominate any of their staff to foreign scholarships.

The Personnel Development Committee (PDC) shall evaluate the qualifications of employees who signified interest based on NEDA requirements and shall recommend the best nominee to the Administrator.
