UNIVERSITY OF THE PHILIPPINES
QUEZON CITY

OFFICE OF THE PRESIDENT

We are pleased to invite your agency to nominate participants to the Twenty-Fifth Session of the Program in Development Economics of the School of Economics, University of the Philippines.

The Program is designed to train mid-management technical personnel of national and local government agencies, government-owned corporations, regional authorities and planning and coordinating agencies in economic analysis, research, development planning, programming and project evaluation. Since the program inception in 1965, it has trained a total of 889 personnel from 126 agencies, many of them have risen to important positions in the government.

The Program consists of two modules which will run from August 1989 to March 1990. Module I focuses on economic principles and the quantitative methods required for economic analysis. Module II, the applied economics module, covers the main issues in economic development and planning, project evaluation, public finance and a demonstration of competence in research. Participants are required to take both modules to qualify for the Certificate in Development Economics.

Enclosed are copies of announcements for the Twenty-Fifth Session giving other details of the Program; Memorandum Circulars Nos. 614 (1973), 714 (1974), 359 (1977) as amended; letter from then Budget Minister Manuel Alba dated 8 January 1982 and five nomination forms. Please send your nominations on or before June 20, 1989 to:

The Director for Public Affairs
School of Economics
University of the Philippines
Diliman, Quezon City

We hope that the Program will give us an opportunity to work together and enhance your agency's capability in development planning and implementation.

Thank you.

Very truly yours,

JOSE V. ABUEVA
President
