Mr. Felicisimo Josen
Administrator
Phil. Overseas Employment Administration
POEA Bldg., Ortigas Avenue
EDSA, Mandaluyong, Metro Manila

Dear Administrator Josen:

On behalf of the Philippine Cancer Society, Inc.-Education and Information Committee and Anti-Smoking Committee, may we invite you to attend the 3rd National Conference on Tobacco or Health on Thursday and Friday, November 24 and 25, 1994, 8:00 o'clock in the morning at the PMA Auditorium, North Avenue, Quezon City. The theme of the conference is "THE MAKING OF THE TOBACCO CONTROL ADVOCATE." It is under the auspices of the PCSI, the Department of Health, the Philippine Medical Association and the Coalition for a Smoke Free Philippines.

The tobacco industry is moving very actively in enticing our children to smoke, luring them into the world of nicotine addiction. We must counter this global trend by strengthening our groups so that collectively as well as individually-motivated, we can achieve our goal. To do this, we must learn the techniques of becoming effective tobacco control advocates. The magnitude of the problem is so alarming that we are inviting officials, physicians, and other health workers to stand up and jointly work for an effective tobacco control advocacy plan.

We hope that you and your other 4 members could participate in the conference. There is no fee to be collected from the participants; however, for the purpose of registration, please send us your name and those who are attending the conference. You can reach us at telephone numbers 741-07-70 and 741-07-72.

Thank you very much for your kind and generous attention regarding this matter. We hope to see you and your group in the conference and in many other stop smoking activities.

Very truly yours,

[Signatures]

R.

M.P.
